

# BASIC WEB PAGE

For companies that just want to have presence in Internet.

It's an attractive and effective presentation of your company. The page purpose is to establish contact with your clients and suppliers.

All these pages share the same structure; the only difference is that the design is made according to the business and goals of your company. The page can be loaded with photos, addresses, phones, e-mails or text.

## **SPECIFICATIONS**

The texts and photos of each page should be provided in digital format (Txt, Word). In case it's not we will send you a budget for the transcription of these.

The photos must be provided in digital format (.jpg, .gif, or other format). In case you don't, we'll send you a budget by the quantity of photos to scan.

In addition to this, the page can contain a basic catalogue for your products or services. The page is easily updateable from the administrator panel just as if you were using a text editor. (Word)
